GREAT STARTUP STORIES IN DEEP- TECH START HERE

About INCeNSE:

Based at the Centre for Nano Science and Engineering (CeNSE), IISc Bengaluru, INCeNSE is a premier incubator dedicated to nurturing startups at the intersection of Nanotechnology, Semiconductors, Advanced Materials and Deep Tech, providing unparalleled support to transform ground-breaking ideas into market-ready products.

ACCESS TO NATIONAL FACILITIES

NATIONAL NANO-FABRICATION CENTRE (NNFC)

Lithography
Etching
Thin Films & CVD

MICRO NANO CHARACTERIZATION FACILITY (MNCF)

Material
Mechanical
Optical
Electrical

PACKAGING & SYSTEMS FACILITY (PASF)

Flip Chip Bonding
Wire Bonding
Dicing

TRANSFORMING BREAKTHROUGH SCIENCE INTO MARKET-READY INNOVATIONS

BENEFITS FOR INCENSE INCUBATEES

INFRASTRUCTURE BENEFITS

Office Seating Space
Access to Meeting Rooms
Wifi & IT Support
Medical Insurance Coverage

CAPACITY BUILDING

Investor Connect & Facilitate Funding Support
Access to Training Programs
Support in Facilitation of Intellectual Property
Support in Facilitation of Patents

OUTREACH SUPPORT

Access to Market Ecosystem
Access to Ecosystem Events
Travel Expenses Coverage for Select Events
Social Media Exposure

ADDITIONAL SUPPORT FOR STARTUPS

Technical and business
mentorship support provided

Valuation and market research

Support in brand design, social
media and website design
